2012 Cruise – Bettin’ on a Good Time

Believe it or not, we have less than one month of winter left – at least according to the calendar. Your Cruise Committee once again has readily accepted the challenge of reinventing the annual summer mainstay event – the “Cruise”. Your committee is pleased to present the 2012 Edition of the WPS Summer Cruise – “Bettin’ on a Good Time,” a title befitting the week afloat theme - - GAMBLING.

Whether you cruise by boat or by car (no extreme distances involved), either way works - just as long as you “Cruise”, full week participation or day travel to a single event, whatever works for your individual situation.

The charge of the committee is to encourage participation in this special week by creating an itinerary with ports of call and activities that would appeal to both boat and boatless members. We begin with the Commander’s Kick- Off Party and Picnic at Lankford Bay Marina. What more can be said about this ever popular and well attended event that kicks off the summer season with always memorable food, beverage, and camaraderie. Attendees, for food planning purposes, are requested to make reservations in advance (see Registration Form in this Lubber’s Line issue for this and all other “Cruise” activities).

Careful consideration has been given to port selection, shore side activities, and the availability of local lodging to not only entice, but to cater to our land traveling members. The western shore offers us as visitors not only panoramic water overlooks and indescribably glorious sunsets, but an opportunity to experience firsthand the distinctly different personalities of both Annapolis and Baltimore. Seasoned WPS cruisers will quickly recognize the ports of call as having been visited by any number of cruises past and yet are still worthy of one more trip.

Our week afloat is essentially as follows: Saturday – Lankford Bay Marina (kick-off party), Sunday – Little Round Bay-Severn River anchor out, Monday – Herrington Harbour South (shore side party and dinner on your own), Tuesday – Harness Creek-South River anchor out, Wednesday – Port of Annapolis – theme party (a little shore side gambling), Thursday – Magothy River anchor out, and Friday – Harbor East Marina, Baltimore, Closing Ceremonies

***COMMANDER'S
MESSAGE***

By Cdr. James Robinson, AP

Winter, as of this writing, is quickly unfolding into spring. Just last weekend we celebrated Founders' Day. The annual Change of Watch at the scenic North East River Yacht Club is close at hand, 18 March 2012. (Reservation form in this issue.) Next comes boat prep and those warm Chesapeake days.

Another WPS year, 2011-2012, draws to a close. This passing Bridge year, our 73rd, was a rewarding one for me. In spite of advancing years, WPS years of course, we remain viable. Amazingly, we still seem to be an active group even as we approach the start of our 74th year.

Our longevity and continuing success, like most enduring volunteer organizations, is solely attributable to a 70+ year long list of dedicated and contributing members. This past year has been a continuation of our proud tradition. We may deviate a little here and there but still have generally been able to remain on course.

Our first get-together following Change of Watch was a reinstatement of the spring picnic. Memorable food, as usual, was pleasantly coupled with a scenic backdrop, Rock Hall.

The 2011 annual cruise has been widely acknowledged as one of the best yet thanks to the combined efforts of a diligent committee co-chaired by P/C Dave Sharpless, AP, and P/C Dennis Wallace, P. Our Assemblies Committee co-chaired by Lt. Betty Ingram, P, and Lt/C Judy Stadler, AP, once again put together an incredibly interesting series of presentations.

The possibility of a name revision is still under evaluation. The Executive Committee should be in a position to offer recommendations to membership in the near future.

This year we awarded Merit Marks to over 40 individuals in recognition of their time and energies given to the squadron. It is the combined contribution of these people that provides our operating framework.

(Continued on page 4)

Education Department

WPS will have offered for the first time a truly custom formatted sail-themed seminar on 26 February at the New Castle Sailing Club facility in New Castle. The subject perhaps is not as important here as is the presentation concept. We will have drawn upon the expertise of some of our most dedicated and knowledgeable members* for the sole purpose of crafting and presenting a theme-specific type of program. Interested in attending one of these in the future? Put us to work; the choice for customized seminar subjects is up to you-let us know!

Our National organization is constantly making available new programs intended to improving the boating experience. A list of these useful and informative topics (CDs) is available in the squadron Yearbook and on the National website.

Once again we will be offering NASBLA approved Safe Boating Classes locally. Annual enrollments, in decline, are largely due to the number of potential attendees taking online non-proctored exams. The WPS Executive Committee still firmly believes that the subject matter is better served in the classroom environment and will continue certification offerings.

Spring Certification Class schedules are as follows:

- March 22, Thursday, 7:00 PM- Kennett Square Area, VFW Club
- April 3, Tuesday, 7:00 PM-A.I. DuPont High School
- April 19, Thursday, 7:00 PM-McKean High School

WPS, tentatively, is planning to man a booth on 5/18-5/20 at the West Marine facility in New Castle. More info on this subject will become available via the WPS e-net as details firm.

Questions, suggestions, whatever? Please feel free to contact soon-to-be P/C Jim Robinson, AP at (610)-444-5155 or P/C David Sharpless, AP at (302) 239-7995

*P/C C. David Sharpless AP
Education Officer*

*Thanks to Tom Stoner, Dennis Wallace, Tom Webster, Don Engler, John Ingram and the management of the New Castle Sailing Club for making this happen

Wednesday Luncheon Notice-Effective immediately

Please note the location site for the weekly Wednesday Luncheon has been permanently changed from Lucky's Coffee House, Concord Pike to **Seasons Pizza, 3901 Concord Pike, Wilmington, DE 19803.** Time remains unchanged at 1130.

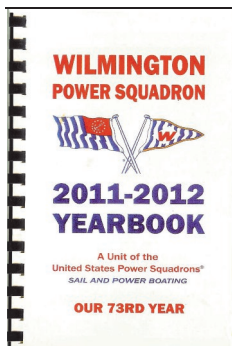

Administrative Department

As Spring approaches, many of us are already thinking about commissioning, needed repairs, and other things we have to do before the boating season begins. This warm winter really has made it seem like fair weather for an outing on the water is just around the corner.

We had a great holiday party and some interesting winter assemblies. Still in the future is a sailing seminar, planned for the last weekend in February, and the Change of Watch in mid-March, which will be at a new location this year. The North East River Yacht Club is a new venue for us, and should be a great setting for this event. We're hoping you'll consider joining in these activities.

Looking ahead to the boating season, the cruise committee has been busy, and details of this year's cruise are now available. Look for the day-to-day activities and sign-up information elsewhere in this newsletter issue. And if you have ideas for other events on the water this summer, let us know!

Lt/C Judith C. Stadler, AP
Administrative Officer

2012 - 2013 Yearbook

It's the time for our yearbook *to be assembled and printed.*

(Need a personal data change) such as email, phone number, boat location, etc. *If you have any changes to your listing in the member roster section of the yearbook please email your changes to Barbara Sharpless at: bdsharpless@verizon.net*

This is your last chance to make any changes! Do it now. The yearbook is going to press.

(Continued from page 2)

Once again our squadron newsletter, The Lubber's Line, was recognized for excellence. Many thanks to our superb editor Pam Orris.

We have worked hard, we have played hard-a good good year! It has been my pleasure and privilege to serve as your Commander and represent Wilmington Power Squadron at the District 5 functions this past year. The squadron is in good shape. It can remain so with all of your continuing support.

In closing, thanks to a great group of outgoing Bridge Officers and Executive Committee members. A very very special thanks from not only me but from all of our members to our Secretary Barbara Sharpless for helping to keep our squadron waters smooth and navigable.

I wish all the best to the incoming Commander, Judy Stadler, AP, and her Bridge as we go forward into our 74th year.

To each of you, thank you again for your support and as always best wishes for continued fair sailing going forward.

It has been a memorable voyage.

Baltimore Harbor Lighthouse/January WPS Assembly

Ron Katz
BHL, LLC

In April, 2008, the U.S. government ‘disposed’ of the Baltimore Light by offering it for sale in auction bidding. Since 1908, this lighthouse has been a prominent landmark on the western shore of the upper Chesapeake Bay. A private group of investors (4 couples) successfully won the bid to become owners of the lighthouse, agreeing to restore the structure and preserve this landmark. At our January Assembly, we were fortunate to hear from Ron Katz, one of the new owners, about how this undertaking is progressing.

The Baltimore Lighthouse is a three-story ‘cottage’ constructed on top of a concrete and stone cast-iron caisson. Major repairs of the upper structure will be required, and the new owners are using the original schematics and drawings of the lighthouse as a guide for restoration. Although the Coast Guard continues to have responsibility for the navigation light, the owners are required to maintain the structure itself. They have completed some of the work, but have a long list of tasks to be done in the ensuing years. Fundraising efforts are also underway. In the meantime, they are enjoying the use of the building, and are especially excited about the awesome views from the middle of the bay.

Plans for the near future involve developing dockage at the base of the light, so that visitors may tour the structure. If you missed our assembly or are further interested in the Baltimore Light, check out the website at www.BaltimoreLight.org. The website provides a history and photos of the restoration projects.

Newark, DE 19711

Dear Mrs. ^{Mary} Stacey,

As the last two months of the 2011 Calendar Year came to a close the Seamen's Center of Wilmington experienced an "explosion of giving"! The Center's community of supporters – everyone from school children, churches, businesses, civic groups, Scouts and more – descended upon our little center helping to make Christmas at Sea come alive! Many churches continued their tradition of filling and wrapping boxes as a congregation, supplying hundreds of "ditty boxes" for the cause. SCW is fortunate to have so many contributors that collected items for donation, enabling the Center and its army of volunteers from throughout the area to arrive and help pack and wrap the shoe boxes that make such a difference to a lonely mariner so far from home over the holiday season.

Each and every individual and group were needed and appreciated as we prepared the 1,213 "ditty boxes" for delivery to ships. We were fortunate to have so many knitters that contributed their handiwork, keeping heads and hearts warm. This year we had a seamstress that sewed 100+ hats and scarves from polar fleecce! The mariners are so very appreciative of each and every item included in their box, but all are hoping for a warm hat.

This holiday season we had so many memories that brought a smile. One of my personal favorites was of "Erwin", a Filipino seafarer that saw a group of ladies wrapping boxes. He immediately jumped in to wrap, move boxes for storage and thoroughly entertain the working ladies with stories of his two children anticipating the holidays – a holiday that he didn't have the luxury of sharing with them.

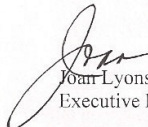

And thank you notes continue to arrive, most by email. I thought you might enjoy reading some excerpts:

Captain Awit of the m/v Fegulus sent kind words of thanks for the gifts and he expressed his "profound gratitude and thanks for the kindness and good hospitality extended during their stay at the Port of Wilmington".

One of the more touching notes was written by Captain Wool on the Tug Pocomoke. "... I was surprised to see the good people from the Seamen's Center delivering care packages commemorating the birth of our savior. As directed we stowed the packages until we had our Christmas meal and after our Christmas Eve feast we opened the gifts. Thank you again for the thoughtful gifts and for warming our hearts and souls. To all the people who contributed and to everyone at the Seamen's Center, God Bless and Merry Christmas."

Knowing that seafarers delivered many of the gifts that were under our families' trees, make it all the more special that we could make a difference as they celebrated the holidays far from their loved ones. Thank you one and all for helping to make Christmas at Sea a success once again!

Sincerely,

Joan Lyons
Executive Director

WPS Annual Meeting and Founders' Day Social

The 73rd Founders' Day Social was held at the Brandywine Community Center on 17 February 2012. Seventy-five attendees enjoyed a delightful dinner of pizza and salad with brownies for dessert. Following the dinner course, Lt Don Engler, P, and Sue Engler, P, after introducing their guests for the evening, presented a very entertaining slide show of their cruise to the Bahamas during the winter of 2010-2011. (Please see the article written by Don and Sue on "Living the Dream" located in this issue.)

At the conclusion of the entertainment portion of the evening, the annual meeting was called to order by Commander James Robinson, AP. F/Lt Carl Stacey, AP, led the membership in the Pledge of Allegiance to the Flag. New members Kim Miller-Royal, P, and Michael Royal, P, were recognized as well as John and Heloise Osborn, guests of member Bert Willett, AP. P/C Donna Zimmerman, JN, Nominating Committee Chairperson, was asked to present the Slate of Officers for the coming Bridge year which was subsequently approved by members present. Tom Stoner, AP, was presented the silver cup for winning the 2011 cruise racing series while the Harwin Smith Navigator's Trophy went to Lt Tom Webster, SN. Commander Robinson presented a 25 year membership pin to P/C Jeffrey Russell, AP.

P/C David Sharpless, AP, was asked to give some highlights of the upcoming 2012 Annual Summer Cruise. He commented that the itinerary is set up for both cruisers and non-cruisers, and encouraged participation from our shore-traveling members. Lt/C Barbara Sharpless, P, Chairperson of the 2012 Change of Watch Committee, reminded members to get their reservation forms in for the festivities on 18 March at the North East River Yacht Club. Commander Robinson commented that P/C Sharpless is continuing research on the name change.

Prior to adjourning the meeting for the evening, Commander Robinson was enthusiastically thanked for all his efforts during the 2011-2012 Bridge year. The Assemblies Committee led by Co-Chairs Lt Betty Ingram, P, and Lt/C Judith Stadler, AP, was recognized and thanked for putting the evening together.

*Lt/C Barbara Sharpless, P
Secretary*

(Continued from page 1)

Finally, all members - new cruisers, old cruisers, potential auto cruisers - are encouraged to participate in all or any part (event) of our week afloat. Our gambling theme will be visible in most everything we do this week. A yet to be designed theme commemorative "T" shirt will be available.

The Registration Form (deadline adherence requested) appears in this Lubber's Line issue. Need more details, interested in local lodging options, personal timetable conflict, general questions – whatever? Don't give up just yet! Contact the undersigned or any committee member. The Cruise Committee is committed to do anything we can to bring a little WPS "Bettin' and Cruisin'" into your life!!!

Please try and join us.

*Cruise Co-Chairs
P/C David Sharpless, AP
P/C Dennis Wallace, P*

Living the Dream; Founders Day Presentation Don & Sue Engler

If you missed Don & Sue's show on Friday 17 February 2012 — well you can ask anyone that attended, about 75 persons, how they enjoyed it. Since I am writing this piece for the Lubber's Line, I can't lie, it was well attended and I hope well liked. We began that evening by talking a little about:

- ◆ *Why we went...* We felt our health was good and perhaps would not get any better. Our nations' economy, and our business were at a point where leaving wouldn't alter a lot in the next 8 months. We wanted to escape the ungodly amount of snow that was going to be dumped on the Phila/Wilm areas.
- ◆ *Where we went and why there...* A short sail (135+miles overnight) to get into the aqua waters of the Bahamas and warm temps (Nassau to clear customs). Lots of small islands to explore and meet other cruisers. Warmest temps anywhere in the Bahamas are in the Exumas, specifically George Town, with protected areas to anchor. GT has had a reputation for being a large meeting place for cruisers and fun things to do. Regatta competition happens during the last week in February and continues for 2 weeks. We visited Long Island in March. Long Island is split by the Tropic of Cancer on its' northern section and is particularly noted for its caves. Dean's Blue Hole is the world's deepest underwater sinkhole dropping to the depth of 660'. Long has a population of roughly 4,000 inhabitants and is known as the most scenic island in the Bahamas.
- ◆ *What did we miss?* Our children and grandchildren, our church, our friends, dining out, our comfortable bed, and ice. We sacrificed these comforts but our lives were enriched by the many friends we met on the way.

This presentation involved four sections that appeared on the screen as a menu driven DVD. Introductions of honored guests attending, Nuts and Bolts (what worked & what didn't), Our Experiences (just our three favorite ones) and the show. The Living the Dream Show was reduced from over 450 images to the present 260, 6 videos, 12 of our favorite songs, and lots of dissolves and transitions to add to the appeal. The sound was transmitted by the Engler's JBL Eon speaker and appeared to be on the louder than normal volume some of the time, but some of the music sounded better louder. Sue tells us that they have been asked to do this same show for their church family.

Could I have the lights off please...

IN MEMORIAM

Ruth Mahaffy

Heartfelt condolences go out to P/C Hugh Mahaffy, N and daughter Lynn, P on the passing of his wife and her mother, Ruth. Our organization has been a long term beneficiary of Mahaffy family involvement

Dorothy Clendening (Dot)

Sincerest sympathies to P/C Frank Clendening, N and his devoted family over the recent loss of wife and mother, Dot. Dot and Frank have both been fixtures in the Wilmington Power Squadron for decades.

Both of these families have been members of WPS for years and years and we are a better organization because of their commitments and contributions.

THANK YOU
